

From conversation with Karen, July 10, 1994

Steven called for Mother's Day and he's a district leader and we found out that he is not very fluent in English anymore. He just got a new companion fresh out of the MTC. They have been have some good success and they expected a baptism for today. Everything is going fine.

Mark will be home July 28th and his Welcome Home will be on August 14th.

Emily is involved in a lot of sports events. Emily and I just got back from Young Woman's camp. I spent the whole week up there with them. We had quite a few nice spiritual experiences. The camp was names Camp Shalome and we stayed in cabins. We had hiking, crafts, canoeing and things like that.

Michael is graduated from High School and attends the singles ward in our stake. Going to church with just Emily and Barbara is really strange. Michael is working at Novatek He does drafting in the afternoon and works the 6-midnight shift running the diamond press.

Barbara is having fun with friends this summer. She went to 5th grade camp.

David is trying to keep the press running. I'm working at my accounting job.

Conversation with Liz July 10, 1994

Erin just arrived home from a performing tour to Australia. She had a really good time.

The three oldest are working this summer. Emily and Erin are working at Pinewood School. Emily teaches music and plays the piano for music and drama classes and Erin is a teacher's aide in music.

Emily won a KBYU contest and received 40 classical CDs. It was a drawing where people wrote in what their favorite classical music is. They compiled a list of the top 40 favorite CDs and gave them to Emily!

Marty is leaving for Hong Kong. I'm just doing the same old stuff. Driving kids around, laundry and things around the house.

John is at scout camp and basketball camp. He is going to do some summer school computer and typing classes too.

Marty has a seminar in San Louis Obispo the end of July and I am going with him. We are going to visit Solvang, a Danish town by Santa Barbara.

I got a new Page Maker program. I'm doing a newsletter for the ward. It's a bi-monthly with picture, articles and stories.
